

PÕHJALA

Põhjala brewery was founded at the end of 2011, when four Estonian friends got together and decided that the tiny macrolager-obsessed country deserves some better beer. Today Põhjala brews wide range of beers, but our true passion lies in dark and bold beers as that's what the cold and harsh weather suggests most of the time. We proudly present our crisp and malty dark lager – North Star

North Star 5% Dark Lager

A crisp and malty
dark lager beer.

Appearance

Dark brown with a reddish hue.

Nose

Sweet toasted chestnuts and freshly baked wholegrain bread, with a touch of noble hop character.

Taste

Fruit forward hop character combines with hints of gently roasted caramel, washed down by a crispy malt aftertaste and pleasant tongue-tingling carbonation.

Malts

Pilsner zero, Dextrin, Chocolate wheat malt

Hops

Columbus, Tettnang
